

MED – Mediterranean Institute for Agriculture, Environment and Development

Scholarship for a master's degree – 1 vacancy

Ref. PP4Vine

17th of April of 2023

A call for tenders is open for one Scholarship for a master degree holder within the scope of the project “Vine&Wine - Driving Sustainable Growth Through Smart Innovation” (sub-project – B6.3 PPP4Vine), ref. cand67-ACC02/CO5-i01/2022”, financed by national funds through “Recovery and Resilience Program (PRR) funded by the “Mobilizing Agendas for Business Innovation”, under the following conditions:

Scientific area: Agricultural Sciences

Admission requirements:

Degree and master's degree in Agronomy.
Laboratory and field research experience.
Work experience and/or research in soil collection and soil analysis.
Knowledge and application of molecular biology techniques.
Knowledge on using bioinformatics techniques.
Have at least one publication in ISI/Scopus.

As set forth FCT Research Scholarship Regulation No. 950/2019 of December 16, 2019, article 3 and 6, candidates for “**BI**” (Research Grants) must comply as a rule condition for the award of the scholarship, the effective inclusion in study cycles leading to the attribution of academic degrees or in courses not leading to an academic degree. Courses that do not confer an academic degree correspond to the courses provided for in subparagraph e) of paragraph 3 of article 4 of Decree-Law No. 74/2006 of 24 March and must be developed in a higher education institution in association with at least one R&D unit, including a course plan in one or several research areas of the unit.

Work plan:

The Work Plan for this research fellowship consists of:

- 1 – Collection of soil and plant samples for microbiome analysis.
- 2 – Extraction of soil and plant DNA.
- 3 – Evaluation, quantification, and analysis of nucleic acids.
- 4 – End-point and real-time PCR amplification.
- 5 – Bioinformatic analysis of sequences.

6 - Statistical analysis of the results.

7 - Writing of articles for dissemination of the results obtained

The final goal of this work is to evaluate the influence of new phytopharmaceuticals on the community of phytopathogenic microorganisms in vine plants and in soil, in order to understand the interaction of these molecules in the microbiome of plants and soil.

Applicable legislation and regulations: The granting of the Research Scholarship will be carried out upon the signing of a contract between the University of Évora and the scholarship holder, as set in the template [former.fct.pt/apoios/Minuta_Contrato_Bolsa.docx](https://www.fct.pt/apoios/Minuta_Contrato_Bolsa.docx), pursuant to the Research Scholarship Statute (Law No. 40/2004 of August 18 and Decree-Law No. 123/2019 of August 28) and in accordance with the legislation and Regulation of Research Grants of the Foundation for Science and Technology, IP in force, regulation nº950/2019 of December 16, 2019: <https://files.dre.pt/2s/2019/12/241000000/0009100105.pdf> and other applicable rules.

Place of work: The work will be developed at Laboratory of Plant Virology, MED, of the University of Évora, under the scientific guidance of the Professor Maria do Rosário Félix.

Duration of the scholarship(s): The scholarship will have a duration of 6 months, starting on May 2023. The scholarship contract may be renewed until the end of the funding project's budget allocation.

Amount of monthly maintenance allowance: The amount of the scholarship corresponds to 1199,64€, according to the table of scholarships awarded directly by FCT, I.P. in Portugal (https://www.fct.pt/wp-content/uploads/2023/02/Tabela-de-Valores-SMM_2023.pdf), payments being made monthly, by check or bank transfer.

Selection methods: The selection methods to be used will be the following:

- Curriculum evaluation 40%
- Interview 40%
- Research experience in molecular biology of phytopathogenic agents 20%

Composition of the Selection Jury:

President: Professor Maria do Rosário Félix

Full member: Doctor Maria Doroteia Murteira Rico da Costa Campos

Full member: Doctor Patrick José de Queiroz Materatski

Substitute member: Doutor André Filipe Barreto de Albuquerque

Substitute member: MSc Mariana Cardoso Patanita

Advertising/notification of results: The final results of the evaluation will be publicized, through an alphabetically ordered list posted in a visible and public place belonging to MED, being the candidate approved notified through email.

To ensure the right of prior hearing of interested parties, the Final Classification project will be announced by any written means to all interested parties.

After communicating the provisional list of the results of the evaluation, candidates have a period of 10 working days to express their opinion in a preliminary hearing of interested parties.

Application deadline and submission of applications: The tender is open from 17th of April to 02nd of May of 2023 and the results of the selection will be published by 08th of May of 2023.

Applications must be formalized, obligatorily, by sending an application letter with the following documents: Curriculum Vitae, certificates of qualifications, two recommendation letters and one motivation letter.

For the purposes of application, the evidence may be replaced by a declaration of honor signed by the candidate, but the failure to demonstrate that evidence, in the contracting phase, possession of the required degree on the deadline for application or the non-presentation of proof of enrollment in the study cycle or non-degree course, for scholarships with this component, imply the cancellation of the candidate's application.

Academic degrees obtained in foreign countries require registration by a Portuguese Institution in accordance with Decree-Law no. 66/2018, of August 16 and Ordinance No. 33/2019, of January 25th.

The presentation of the certificate is mandatory for the signing of the contract. More information can be obtained at: <https://www.dges.gov.pt/pt/pagina/recognition?plid=374>

Applications must be sent, with the reference “MSc - PP4Vine” by email to:
