Conditions for obtaining the Degree:

*** TRANSLATE ME: PLANO TUTORIAL: {\ }newline

{\ }newline

Para obtenção do grau necessita de obter aprovação às seguintes unidades curriculares de formação e apoio à investigação e aprovação na defesa da tese em provas públicas:

1º ano

1 UC com designação Tese I - com nota quantitativa, que confere diploma de curso de doutoramento

2º ano

1 UC com designação Tese II - com nota quantitativa

2º ano

1 UC com designação Tese II - com nota quantitativa

PLANO COM CURSO DE DOUTORAMENTO: {\ }newline

{\ }newline

Para aprovação na componente curricular é necessário a aprovação (através de avaliação ou creditação) das seguintes unidades curriculares :

1º ANO

1º Semestre: {\ }newline

6 UC obrigatórias num total de 30 Ects, sendo que de 3 UC's de 6 ECTS tem de escolher 2 UC's {\ }newline

{\ }newline

2º Semestre: {\ }newline

5 UC obrigatórias num total de 30 Ects, podendo obter aproveitamento à UC com 6 ECTS ou inscrever-se na UÉ e obter aproveitamento a uma optativa livre da AC CHS com 6 ECTS

Para obtenção do grau de doutor para além da aprovação na componente curricular (através de avaliação ou creditação) é necessário aprovação nas seguintes unidades curriculares de formação e apoio à investigação e a aprovação na defesa da tese em provas públicas: {\ }newline

{\ }newline

2º ano

2 UC's - com nota qualitativa

3º ano

2 UC's - com nota qualitativa ***

Analysis of the political, religious and economic determinants of modern public health and welfare systems and their historical path;

The construction of concepts and social representations in historical perspective and the social inclusion/exclusion questions associated.

[Back](#)

Design Thesis E (Methodology) (HIS9392D)

1. What is a doctoral thesis in History?

2. The PhD dissertation thesis in Comparative and Transnational History of the 19th and 20th centuries: goal and grammar

2. The rhetoric of the professional historiography;

3. The construction of a guide to the cognitive historical narrative. Themes and the state of art. The issues and the key questions. The hermeneutics dimension; theory and the writing of the professional history. Vocabulary and Scientific language; research strategies and methodology; the sources; the organization, the data analysis and the presentation of results;

4. Analysis of examples of PhD dissertation concluded

[Back](#)

Study Group I (HIS9411D)

This "Forum" aims at presentation, and talk of revisiting academic literature on critical issues and methodological Contemporary History in Comparative and Transnational.

Although accompanied in its construction and completion by team teaching, this "Forum" is designed, organized and performed by doctoral students around one or up to three study groups "specialized" (one for each thematic area of reference of this program) .

[Back](#)

Transdisciplinary Seminar I (HIS9412D)

The seminar plan is annually determinate by the co-ordinators (the Directors of PhD Programs) of the "Interdisciplinary Seminar in Contemporary Historical, Political and Social Studies of Évora".

[Back](#)

Academic writing (HIS9398D)

From active reading to writing.

from the identification of various types of written text to writing.

From debate to writing.

From working hypothesis to writing.

from Theme to the written plan.

[Back](#)

Design Thesis II (Memory) (HIS9393D)

PART 1 : Design Research in Comparative and Transnational History

1. Types of 'design research' : models and examples.
2. Análisis of Practical examples of 'design research'. The ESTER Guideline

PART 2: Development of the design of research and organization and writing by steps the «Thesis memory»

1. Overview of PhD study
 2. Producing an effective working abstract
 3. Identifying the research problem(s)
 4. Time management and the writing process
 5. Getting the most out of the supervision process (a key factor)
 6. The use of literature and research materials
 7. Referencing, bibliographic packages and footnoting
 8. academic writing and research ethics . Code of ethics of the Historian
 9. Maintaining progress and the review process
- Part 3. Final presentation of the «Thesis memory» (research design project)

[Back](#)

Study Group II (HIS9413D)

The syllabus of this reading and discussion team, it is set annually by students' choices.

Even though accompanied in its construction and completion by team teaching, the plan of this reading and discussion group is designed, organized and performed by doctoral students themselves around the themes of this study program. Although accompanied in its construction and implementation by teaching team, with the support of supervisors, this "Forum" is designed, organized and performed by doctoral students around one or up to three "specialized" study groups (one for each thematic area reference of this program). Each student should suggest at least two titles (books, articles, working papers) for such a plan

[Back](#)

Transdisciplinary Seminar II (HIS9414D)

The seminar plan is annually determinate by the coordinator team (the Directors of PhD Programs) of the "Interdisciplinary Seminar in Contemporary Historical, Political and Social Studies of Évora".

[Back](#)

Doctoral market of Humanities and Social Sciences: Opportunities and Applications (HIS9415D)

1. The Scientific Employment in Europe and Globalization: Key Trends
 2. Employability and Scientific Employment Opportunities for "Early Stage Researchers" in the global market. Specific markets. Other opportunities for PhDs.
 3. Institutions to support scientific employment and scientific careers: types. The FCT.: Characteristics and support programs. The research centers.
- Some applications: "Job-application forms", CVs, e "covering letters", etc....
