Universidade de Évora

Universidade Nova de Lisboa - Faculdade de Ciências e Tecnologias

Edital

Applications for Admission to the Ph.D. Program in
Food Sciences
Academic year 2020/2021

1. The program is promoted by:

Universidade de Évora - Instituto de Investigação e Formação Avançada
Universidade Nova de Lisboa - Faculdade de Ciências e Tecnologias

2. Study program in Consortium:

a. **Type of Consortium:** National

b. **Type of Consortium:** Diploma to be awarded jointly by all the partner institutions, under the terms of article 42 of Decree-Law no. 74/2006, dated March 24 in its current republication

c. **Type of Agreement:** Rotative (administrative and financial management of the institution responsible for the edition)

d. **Coordinator Institution:** Universidade Nova de Lisboa - Faculdade de Ciências e Tecnologias

e. **Partner Institutions:**

- Universidade de Évora
- Universidade Nova de Lisboa - Faculdade de Ciências e Tecnologias

f. **Specific Regulation:** Yes

g. **Host Institution:** Universidade Nova de Lisboa - Faculdade de Ciências e Tecnologias

h. **Executive Program Committee:**
Marco Gomes da Silva - FCT/UNL
Ana Luisa Fernando - FCT/UNL
Maria João Cabrita - UE

3. Program description:

Doctoral Program in Food Sciences is a program in association between the Faculty of Science and Technology of NOVA and the University of Évora. It is in line with the growing relevance of the food sector, coupled with the challenges of climate change and the future prospects of sustainable global food needs. It is therefore necessary to develop knowledge and skills to enable professionals to anticipate global challenges in the food sector upstream and downstream and to improve the performance and competitiveness of their products through innovative, intelligent processes and promoters of sustainable development.
The learning objectives are:
(a) the development of critical thinking and advanced training to acquire a high level of competence in food sciences which enables them to critically cross-conceptualize concepts between disciplines;
b) The acquisition of advanced knowledge in Food Sciences, as well as associated technologies, and the development of research topics within the participating institutions.
c) Develop knowledge and create skills that enable professionals to anticipate global challenges in the food sector and improve the performance and competitiveness of their products through innovative, intelligent processes and promoters of sustainable development

4. Specialization areas:

- Ciência e Tecnologia dos Alimentos (**available**)
- Química dos Alimentos (**available**)

5. Career opportunities:

Teaching in Institutions of Higher Education, Scientific Research; Scientific Laboratories, Agrifood Industry and related.

6. Number of registration at DGES:

R/A-CR 110/2017

7. Number of accreditation process by A3ES:

NCE/16/00008

8. Program Creation Norm:

Diário da República n.º 197 de 12 de outubro, Regulamento n.º 646/2018

9. General conditions of access and admission:

i **Legal conditions for access to the cycle of studies leading to the ≪Doutor≫ degree (Ph.D. degree)**
The following individuals can apply for a cycle of studies to the ≪Doutor≫ degree (Ph.D. degree):

- holders of a Portuguese Mestre degree (Master degree) or legal equivalent;;
- holders of an undergraduate degree holding a specially relevant academic or scientific curriculum, which is recognized as attesting capacity to carry out this cycle by the competent scientific committee of the higher education institution where they wish to be admitted;
- holders of an academic, scientific or professional curriculum that is recognized as attesting the ability to carry out this cycle of studies by the competent scientific committee of the higher education institution where they wish to be admitted.

ii **Specific admission conditions**
Conditions of access to the cycle of studies leading to the degree of Doctor
They can apply for the cycle of studies leading to the doctor's degree:
· Masters degree holders or legal equivalent;
· Holders of a bachelor's degree with a particularly relevant academic or scientific curriculum that is recognized as attesting to the capacity to carry out this cycle of studies by the competent scientific body of the university (s) in which they wish to be admitted;

10. Selection Process:

- Academic qualifications: 40%
  - Qualification area:: 40%
  - Classification of qualifications:: 40%
  - level of qualifications:: 20%
- Curriculum analysis: 60%
  - research experience:: 85%
  - professional experience:: 10%
  - other relevant competences:: 5%

11. Maximum number of admissions

- Maximum number for admission: 20

12. Tuition fee

- Tuition fee: 2750.00 €

13. Organization / duration:

a. **Duration of the program:** 8 semesters

b. **Number of ECTS to obtain the degree:** 240

c. **Number of ECTS to obtain the doctorate course (conclusion of the curricular part):** 60

14. Learning Type: Presential

15. Schedule type: Labor hours

16. Program starting date: September of 2020

June 3, 2020
The Rector

Ana Costa Freitas
