Applications for Admission to the Post-Graduate Program in
Sustainable Development in Tropical Regions
Academic year 2022/2023

1. The program is promoted by:

Universidade de Évora - Escola de Ciências e Tecnologia

2. Course Committee:

Rute Sousa Matos (rsm@uevora.pt)

Maria Ilhéu (milheu@uevora.pt)

Sara Maria de Azevedo e Sousa Marques Pereira (sarapereira@uevora.pt)

3. Program description:

The program in b-learning is taught in São Tomé and Príncipe but aimed at all tropical regions in development. It aims to give general training on the problems of sustainability and sustainable development with a strong applied component, addressing the problems of the tropics. The curricular units cover the most important topics, from food and health, natural resources and development policies, to heritage and conservation, well-being and quality of life. The various units of the course address specific situations and problems of the tropical regions, be it environmental, social or economic.

4. Career opportunities:

- Top Technical Career in Public Administration - Local development organizations and NGOs - International agencies such as the United Nations (UNDP, FAO) and foundations with programs in the field of environment, health and development - Teachers, entrepreneurs and business technicians

5. Program Creation Norm:

Diário da República nº 132 de 12 de julho, Aviso n.º 11379/2019

6. General conditions of access and admission:

i Conditions for access to the post-graduate program

The following individuals can apply for a post-graduate program:

- holders of a Portuguese Licenciado degree or legal equivalent;
- holders of a foreign higher education undergraduate degree, which is recognized as satisfying the objectives of the degree of Licenciado by the competent scientific committee of the higher education institution where they wish to be admitted;
- holders of an academic, scientific or professional curriculum which is recognized as attesting the ability to carry out this cycle of studies by the competent scientific committee of the higher education institution where they wish to be admitted.

ii Conditions of access to the post-graduate program at the University of Evora

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period.

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing.

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the student's ability to carry out the master's degree/post-graduation, provided that the student required that recognition in the application process.

iii Specific admission conditions

There are no restrictions regarding the education area of the candidate, given the scope of the course, priority is given to candidates with training in social, economic, political, environmental, food and health areas.
