### 3. Program description:

The Masters in Applied Economics and Management (MEGA), specializing in Economics and Business Management, is a 2nd cycle course accredited by the A3ES and maintained by a specialized faculty with teaching experiences in the African, European and Asian continents.

MEGA is a training designed to guarantee a real growth and appreciation of expertise in the areas of Economics and Management, through the mastery and application of advanced tools. These tools enable an understanding of how to manage distinct business areas, attending to the sustainability of their resources, whilst taking into account the dimension and dynamics of their economies, markets and organizations (large, medium or micro organizations). Moreover, they aid to creating value and developing a broad vision of the business world at a global level, whilst offering an integrated and systematic view of the problems and challenges facing them.

### 4. Specialization areas:

- Agri-Business (**not available**)
- Economics and Management for Business (**available**)
- Natural Resources and Environment (**not available**)

### 5. Career opportunities:

This course offers specialized competences that foster professional openings in distinct areas of Economics and Management, applied to organizations in general and to businesses in particular. Moreover, it sustains an interdisciplinary and multidisciplinary perspective, as well as specialized consulting in these areas.

## **9. General conditions of access and admission:**

### **i Legal conditions for access to the cycle of studies leading to the master degree**

The following individuals can apply for a cycle of studies leading to the master degree:

- holders of a Portuguese Licenciado degree or legal equivalent;
- holders of a foreign higher education undergraduate degree, which is recognized as satisfying the objectives of the degree of Licenciado by the competent scientific committee of the higher education institution where they wish to be admitted;
- holders of an academic, scientific or professional curriculum which is recognized as attesting the ability to carry out this cycle of studies by the competent scientific committee of the higher education institution where they wish to be admitted.

### **ii Conditions of access to the cycle of studies at the University of Evora**

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period.

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing.

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the student's ability to carry out the master's degree/post-graduation, provided that the student required that recognition in the application process.
