## Edital

Applications for Admission to the Master Program in  
Technology in Sport and Health.  
Academic year 2023/2024

### 1. The program is promoted by:

Universidade de Évora - Escola de Saúde e Desenvolvimento Humano

### 2. Course Committee:

Orlando de Jesus Semedo Mendes Fernandes (orlandoj@uevora.pt)  
Ramiro Pastorinho (rpastorinho@uevora.pt)  
Bruno Sérgio Varanda Gonçalves (bgoncalves@uevora.pt)  
José Miguel Gomes Saias (jsaias@uevora.pt)

### 3. Program description:

Technological advance is transversal in the various areas of society and constitutes an essential instigator of economic growth and human development. In this context, Sports and Health are no exception. In Sports, various gadgets, sensors, and computer vision systems are being developed to record continuous human movement data to optimise motor performance. In Health, advances in technology have made it possible to increase the accuracy of diagnosis and develop more effective treatments, promoting improvements in patient's quality of life and the population in general. In this context, the Master's Degree in Technology in Sports and Health aims to train specialists in Sports and Health technology with the knowledge and technical capacity to develop and apply instruments and methods of collecting and processing information based on technology.

### 4. Specialization areas:

- Health Technology (**available**)
- Sport Technology (**available**)

### 5. Career opportunities:

Multidisciplinary and transdisciplinary teams in the sports industry, health units, or research centers. This Master aims at developing skills for all professions in the field of sport and health involving the use of technology-based equipment or instruments.

## 6. Number of registration at DGES:

R/A-Cr 176/2022

## 7. Number of accreditation process by A3ES:

NCE/21/2100266

## 8. Program Creation Norm:

Diário da República n.º 172 de 6 de setembro, Aviso n.º 17399/2022

## 9. General conditions of access and admission:

### i Legal conditions for access to the cycle of studies leading to the master degree

The following individuals can apply for a cycle of studies leading to the master degree:

- holders of a Portuguese Licenciado degree or legal equivalent;
- holders of a foreign higher education undergraduate degree, which is recognized as satisfying the objectives of the degree of Licenciado by the competent scientific committee of the higher education institution where they wish to be admitted;
- holders of an academic, scientific or professional curriculum which is recognized as attesting the ability to carry out this cycle of studies by the competent scientific committee of the higher education institution where they wish to be admitted.

### ii Conditions of access to the cycle of studies at the University of Evora

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period.

Being students of the University of Évora of the Degree Course in Ciências do Desporto, it is possible to apply in the 1st phase having missing a maximum of 42 ects to finish the Course. In the 2nd phase it is possible to apply if you are missing 3 UC and in the 3rd phase if you are missing 1 UC.

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the student's ability to carry out the master's degree/post-graduation, provided that the student required that recognition in the application process.

### iii Specific admission conditions

Holders of a Bachelor's degree in Sport Sciences, or Bachelor's Degree in Psychomotor Rehabilitation, or Bachelor's Degree in Computer Sciences Engineering, or Bachelor's Degree in Mechatronics Engineering, or Bachelor's Degree in Nursing, or Bachelor's Degree in Biomedicine, or Bachelor's Degree in Human Biology, or other related areas.

Holders of a school, scientific or professional curriculum which certifies, by the course committee of the Master in Technology in Sport and Health and by the Scientific Council of the School of Health and Human Development, capabilities to carry out this cycle of studies.

## 10. Selection Process:

- Academic qualifications: 50%
  - Average grade in the highest qualification: 50%
  - Area of qualifications: 25%
  - Level of qualifications: 25%
- Curriculum analysis: 50%
  - Professional Training in the area of the program or related fields: 20%
  - Scientific and technical activities and publications: 30%
  - Professional Experience in the area of the program or related fields: 20%
  - Training in transversal competences: 30%

## 11. Maximum number of admissions

- Maximum number of admissions for candidates with nationality of European Union countries: 18
- Maximum number of admissions for candidates without nationality of countries of the European Union: 2

### Observations regarding vacancies:

Depending on the number of applications, there may be transfer of vacancies from the international students applications to the European Union students applications or vice-versa.

## 12. Minimum number of students: 8

## 13. Tuition fee

- Candidates with nationality of European Union countries: 1050.00 €
- Candidates without nationality of countries of the European Union: 2500.00 €
  - Annual Tuition fee for international students with merit scholarship: 1050.00 €
  - Annual Tuition fee for international students with cooperation and development scholarship: 1250.00 €

In the admission year, all students with international student status who have an undergraduate average of 15 or above (on a 0-20 scale) benefit from the international student merit scholarship tuition fee and all students from PALOP countries benefit from the tuition fee for international students with cooperation and development scholarship. In the following years, to keep the merit or cooperation and development scholarship, the student has to meet the conditions stipulated in article 22 of the Academic Regulations of the University of Évora and the results are published until October 31 of each academic year, without the need to apply for the scholarship

Course included in the Recovery and Resilience Plan (RRP) incentive grants under the "Impulso Jovens STEAM" measure

#### **14. Organization / duration:**

- a. **Duration of the program:** 4 semesters
- b. **Number of ECTS to obtain the degree:** 120
- c. **Number of ECTS to obtain the master's course (conclusion of the curricular part):**  
78
