Applications for Admission to the Master Program in
Informatics Engineering
Academic year 2023/2024

1. The program is promoted by:

Universidade de Évora - Escola de Ciências e Tecnologia

2. Course Committee:

Lígia Maria Rodrigues da Silva Ferreira (lsf@uevora.pt)
Pedro Patinho (pp@uevora.pt)
Irene Pimenta Rodrigues (ipr@uevora.pt)

3. Program description:

The 2nd cycle in Informatics Engineering completes the knowledge obtained in a 1st cycle in Computer Engineering by offering advanced training in various areas of Informatics, stimulating adaptation to new technologies by developing the ability to design innovative products using current techniques and fostering the acquisition of skills such as critical sense, creativity and teamwork. The graduates have an education that includes disciplines of the following areas: Artificial Intelligence, Information Systems, Distributed Systems, Multimedia and Management. The Dissertation is individual and obligatory and can be done with a research or development work in the university or in companies where the knowledge and skills already acquired are applied consolidating them and acquiring new ones. Our graduates work in the following areas of computing: consulting and auditing, management and development of information systems, management and application development and research and development. They find placement in public services, software development companies, banks, insurance companies, auditors, telecommunications companies, etc.

4. Career opportunities:

Our graduates work in the following areas of computing: consulting and auditing, management and development of information systems, management and application development and research and development. They find placement in public services, software development companies, banks, insurance companies, auditors, telecommunications companies, etc.

5. Number of registration at DGES:

R/A-Ef 1724/2011/AL02

6. Number of accreditation process by A3ES:

ACEF/1819/0205952

7. Program Creation Norm:

Diário da República n.º 252 de 30 de dezembro, Aviso n.º 21073/2020

8. General conditions of access and admission:

i Legal conditions for access to the cycle of studies leading to the master degree

The following individuals can apply for a cycle of studies leading to the master degree:

- holders of a Portuguese Licenciado degree or legal equivalent;
- holders of a foreign higher education undergraduate degree, which is recognized as satisfying the objectives of the degree of Licenciado by the competent scientific committee of the higher education institution where they wish to be admitted;
- holders of an academic, scientific or professional curriculum which is recognized as attesting the ability to carry out this cycle of studies by the competent scientific committee of the higher education institution where they wish to be admitted.

ii Conditions of access to the cycle of studies at the University of Evora

On the application date, the undergraduate students must satisfy conditions that guarantee the conclusion of their undergraduate degree until the 30th of October of the admission year. The admission and enrollment of these students is conditioned on the conclusion of the degree until this date, and the enrollment is canceled if the student does not complete the degree within that period.

During the first application phase, students who have a maximum of 6 curricular units or 36 ECTS missing for conclusion of their degree can apply for the 2nd cycle; in the 2nd application phase students can apply if they have at most 3 curricular units missing and in the 3rd application phase if they have at most one curricular unit missing.

The previous condition does not apply to students with a curriculum that reveals professional or scientific experience, which can be recognized by the competent scientific body, as attesting the student's ability to carry out the master's degree/post-graduation, provided that the student required that recognition in the application process.

iii Specific admission conditions

First cycle in Computer Science engineering or equivalent

9. Selection Process:

- Academic qualifications: 70%
 - Area of qualifications: 50%
 - Average grade in the highest qualification: 50%
- Curriculum analysis: 30%
 - Scientific and technical activities and publications: 25%
 - Participation in research projects: 25%
 - Professional Experience in the area of the program or related fields: 25%
 - Professional Training in the area of the program or related fields: 25%

10. Maximum number of admissions

- Maximum number of admissions for candidates with nationality of European Union countries: 15
- Maximum number of admissions for candidates without nationality of countries of the European Union: 3

Depending on the number of applications, there may be transfer of vacancies from the international students applications to the European Union students applications or vice-versa.

11. Minimum number of students: 8

12. Tuition fee

- Candidates with nationality of European Union countries: 1050.00 €
- Candidates without nationality of countries of the European Union: 2500.00 €
 - Annual Tuition fee for international students with merit scholarship: 1050.00 €
 - Annual Tuition fee for international students with cooperation and development scholarship: 1250.00 €

In the admission year, all students with international student status who have an undergraduate average of 15 or above (on a 0-20 scale) benefit from the international student merit scholarship tuition fee and all students from PALOP countries benefit from the tuition fee for international students with cooperation and development scholarship. In the following years, to keep the merit or cooperation and development scholarship, the student has to meet the conditions stipulated in article 22 of the Academic Regulations of the University of Évora and the results are published until October 31 of each academic year, without the need to apply for the scholarship

13. Organization / duration:

- a. **Duration of the program:** 4 semesters
- b. **Number of ECTS to obtain the degree:** 120
- c. **Number of ECTS to obtain the master's course (conclusion of the curricular part):**
78

14. Language (s) of teaching:

- English
- Portuguese

15. Learning Type: Presential

16. Schedule Type: Labor hours

17. Program starting date: September of 2023

February 11, 2023
The Rector

Hermínia Vasconcelos Vilar
