## Edital

Applications for Admission to the Post-Graduate Program in  
Drug and Medical Device Life Cycles  
Academic year 2023/2024

### 1. The program is promoted by:

Universidade de Évora - Escola de Saúde e Desenvolvimento Humano

### 2. Course Committee:

Ana Margarida Molhinho Advinha (anamma@uevora.pt)  
António Paulo da Silva Teixeira (apsteix@uevora.pt)  
Pedro Amores da Silva (pedro.silva@uevora.pt)

### 3. Program description:

The postgraduate degree in Drug and Medical Device Life Cycles has in total 30 ECTS. However, students can complement their postgraduate lifelong education through short courses, such as Drug and Medical Device Life Cycles: From Development to Market Introduction (12 ECTS) or Drug and Medical Device Life Cycles: Market Introduction (15 ECTS). This postgraduate course will be carried out predominantly in an e-learning regime, with online sessions but also face-to-face session, in which the different phases of the drug and medical device life cycles will be addressed, from their development to their individual and collective use, not forgetting the environmental impact and patients' drugs or the border areas between and medical devices. Students will have the opportunity to get in touch with relevant external entities in the training area, for example, guest speakers and Seminar I and II curricular units.

### 4. Specialization areas:

- Drug and Medical Device Life Cycles (**available**)
- From Development to Market Introduction (**available**)
- Post Market Introduction (**available**)

### 5. Career opportunities:

Pharmaceutical industry, national and international regulatory agencies, CRO's, health services, consulting, research and teaching, among others.
